

FSC Controlled Wood Corporate Policy Statement

Policy for sourcing logs, veneer and wood fiber for all FSC certified products manufactured

In showing its commitment to supporting responsible forest management, **ROSEBURG** has been certified as a Forestry Stewardship Council (FSC) Supplier (SCS-COC/CW-000300).

ROSEBURG is committed to making the best efforts to identify the sources of wood used for products labeled under the FSC rules. In accordance with FSC Controlled Wood Guidelines, we shall ensure that the wood we source and trade is not:

1. Illegally Harvested
2. Harvested in Violation of Traditional and Civil Rights
3. Harvested where High Conservation Values are Threatened by Management Activities
4. Harvested in Forests being Converted to Plantations or Non-forest Use
5. From Forests in which Genetically Modified Trees are Planted
